A Note From The Composer

"Kingsland Threnody" was commissioned by Matthew Huckabee for the Ashdown Junior High School Band and was premiered in May of 2010. The piece was written in memory of J. T. Redfearn. The piece is based on the Johnny Cash song "I Still Miss Someone". Matthew told me that J. T. was a big Johnny Cash fan and wondered if we could include his music in the piece. I told Matthew I was a Cash fan as well and would love to use his music for the commission. Kingsland, Arkansas where Johnny Cash was born, not very far from where I was born. The mood of the piece is based on the first verse of the song....

"At my door the leaves are falling
A cold wild wind will come
Sweethearts walk by together
And I still miss someone."

I tried to make music that fit the mood of this lyric. An important part of this will be in the performance of the percussion parts. In the timpani part the player needs to place a large cymbal (ride cymbal size) upside down on the head of a twenty six inch timpani. The suggested tunings do not need to be followed exactly - just start low and slowly tune higher and back while rolling on the cymbal. This must be played with a great deal of sensitivity. It must be soft at all times and the change in tuning must be very gradual.

Percussion 1 and 2 are also important to the idea of a "cold wild wind". Percussion 1 has a part for 2 suspended cymbals. You can use more than two if you have the personnel or the instruments. These rolls should be random, completely out of time, never the same length and will a liberal amount of silence between each roll. The rolls should gradually get louder and softer, but never loud. The Percussion 2 part is for wind chimes and tam tam. The wind chimes should sound like wind chimes hanging on a front porch in a very mild wind. Never go up or down the chimes like you normally would do. Instead touch or hit the chimes with your hand at random times in random spots. The tam tam part should be played with a drum stick gently rubbed around the outer parts of the face of the instrument making a type of hissing sound. Feel free to try other sounds on the tam tam, just as long as they fit the mood of the piece. All of these parts are to sound as one. The key is soft and random. This effect is notated with glissando marking in the part. There are times when they will all strike together (m. 11, 32, etc.). The mallet parts would be ideally played on two vibraphones. If two are not available use a marimba for part 1 and vibes for part 2. Each part has pedal markings that need to be observed. The notes should ring and sustain, even in rests as marked.

The first measure is just percussion and the wind effect. Let this last a few seconds before playing measure 2. The first section should be conducted in one with a quarter note equaling 120, and conducted in two at measure 23. I think this tempo would be a good way to teach students about cut time and playing "In one". There are many opportunities for solos, but all of the solos can be played by the section. The section at measure 47 should have a light, playful nature - this is the sweethearts walking together. The mood does change rather quickly at measure 59.

I tried to express the emotion of the lyric in this piece. Before the piece begins it would be appropriate to have someone read the verse. Not necessary, but it would be cool.

Score

Kingsland Threnody

Don Colquitt

In one $\frac{1}{4} = 120$

The musical score consists of 21 staves, each representing a different instrument or section. The instruments listed on the left are: Flute, Oboe, Bassoon, B♭ Clarinet 1, B♭ Clarinet 2, Bass Clarinet, Alto Sax., Tenor Sax., Baritone Sax., B♭ Trumpet 1, B♭ Trumpet 2, F Horn, Trombone, Baritone, Tuba, Timpani, Percussion 1, Percussion 2, Vibraphone 1, and Vibraphone 2. The score is set in common time (indicated by a '4' below the staff) and has a key signature of two flats (B♭ and D♭). The first 18 staves (Flute through Tuba) begin with a single note (A4) and remain silent for the duration of the measure. The Timpani staff begins with a dynamic of *w/Sus.Cym.* followed by a grace note, then a sustained note with a dynamic of *pp*. The Percussion 1 staff begins with a dynamic of *Sus.Cyms.* followed by a sustained note with a dynamic of *pp*. The Percussion 2 staff begins with a dynamic of *Wind Ch.* followed by a sustained note with a dynamic of *pp*. The Vibraphone 1 staff begins with a dynamic of *Tam-Tam* followed by a sustained note with a dynamic of *pp*. The Vibraphone 2 staff begins with a dynamic of *p*.
